Additional Supporting Evidence

To demonstrate the use of Title 14 California Code of Regulations § 919.9(g)[939.9(g)] and its impacts on individual Northern Spotted Owl territories, EPIC includes our comments on THPs utilizing “Option g” since 2009, as well as the relevant accompanying sections from the THPs. In addition, for several THPs, we include correspondence from U.S. Fish and Wildlife Service to the THP submitter demonstrating that “take” of Northern Spotted Owls would occur under the implementation of the THP as allowed under “Option g.” Here we list the THPs for which we include relevant documentation:
