

Errata Sheet

Anadromous Salmonid Protection (ASP) Rules: Revised Interpretive Questions and Answers for RPFs and Landowners

March 2014

This errata sheet summarizes revisions to ASP question and answer document to reflect the recent changes to the California Forest Practice Rules for Class II Large watercourses that became effective January 1, 2014. Due to these changes, several questions and answers have been removed in 2014, and new questions and answers related to Class II-L identification and protection are provided.
