RE: AB2911, 21-MVU-D091

To whom it may concern:

Please add this letter as an addendum to survey report, 21-MVU-D091, for subdivision "La Cresta Blvd."

The San Miguel Consolidated Fire Protection District believes that public safety would be enhanced by an improved secondary access / egress route for the community identified in the report.

The secondary access / egress route would be all season, all weather, without gates or obstacles, appropriately signed, and reliable for fire suppression, resident evacuation, and emergency response 24/7 as determined by the incident commander.

Regards,

W. Brent Napier
