Re: Napa County Fire Safe Regulations Local Ordinance Review

On April 27, 2019, Napa County representatives submitted revisions to their Road and Street Standards to the Board of Forestry & Fire Protection for certification under Public Resources Code (PRC) 4290 and 14 CCR § 1270.01 and 1270.03.

The Board previously certified the County's Road and Street Standards on November 4, 2016. On April 23, 2019, the County Board of Supervisors approved changes to the scope of these standards; these changes added greater specificity regarding the application of these standards to use permits.

Attached are supporting documents for the Committee to review at the June 11, 2019, meeting, as part of the Committee's discussion of whether to certify the Napa County Road and Street Standards as continuing to meet or exceed the Board's Fire Safe Regulations (14 CCR § 1270 et seq).
