Re: Christian Eggleton Nomination

Dear Mr. Stapleton:

Cascade Resource Consultants, LLC is pleased to recommend Christian Eggleton for appointment to the Public Foresters Examining Committee (PFEC). Mr. Eggleton will be an excellent representative for consulting foresters, and small consulting forestry companies such as ours. Mr. Eggleton and his company stay abreast of current issues affecting forestry and resource management in California and the western United States. Based on the ten plus years we have known Mr. Eggleton, we can attest that he is of the highest moral character and has a genuine passion for practicing California forestry. Without a doubt, he would make an excellent addition to your Committee, and will uphold the high standards for foresters in our state.

Sincerely,

CASCADE RESOURCE CONSULTANTS, LLC.
