### **Webcast: Microsoft Teams**

Microsoft Teams will be used to facilitate this meeting of the State Lands Grazing License and Land Management sub-committee. Members are required to attend subcommittee meetings at one of the physical meeting locations noticed in this agenda and will utilize the Teams webinar at those locations. The public may register for and use the Teams webinar to observe the meeting on any compatible device at any location of their choosing. The subcommittee is only required to ensure opportunity for verbal public comment at the noticed physical meeting locations but will attempt to accommodate public comment from all Teams webinar attendees who wish to speak on an agenda item. The subcommittee is not responsible for technical difficulties that may impair webinar participation at a location other than the noticed physical meeting locations. As stated on the Meeting Agenda, Board staff will address teleconference participants prior to normal Committee business to provide guidance on meeting format and stakeholder participation via teleconference.

Submitting A Comment: In order to minimize disruption due to background noise, attendees are asked to self-mute their devices until recognized by the meeting organizer to address the subcommittee with verbal comments. Public comment typically occurs after initial discussion of an agenda item by the members but prior to taking any vote or concluding action on the item. To submit a comment by verbally addressing the members, please type your name in the comment box of the Meeting Chat function at the beginning of or during the agenda item for which you intend to comment. The meeting organizer will manage the queue and call you by name at the appropriate time so you can address the Committee members. If you are commenting verbally, please be sure to unmute your phone or device. In addition, please see the section on Submission of Written Materials for information on submitting other written materials.
