Subject: City of Auburn Safety Element

Dear Ms. McCoy:

Please be advised that the City of Auburn has accepted and incorporated all of the recommendations provided by the Board of Forestry & Protection's formal review received on December 21, 2020. Specifically, the City has identified the currently-adopted Placer County Local Hazard Mitigation Plan (LHMP) by Policy 1.4 and has included elaboration to the constraints posed by having only one emergency evacuation route for residential properties per Figure 8-Limited Evacuation Residential Properties.

This element was completed by the City's General Plan update team, in coordination with the City's concurrent update of the Housing Element, as required by Section 65302(g)(6) of the Government Code. Please let us know if you require any additional information or have any concerns regarding this letter. Feel free to contact me directly at (530) 823-4211, extension 140, or at tward@auburn.ca.gov if you have any questions.

Sincerely,

City of Auburn
